

Plumbing Equipment - Pressure Regulator for Water

Sudden rise in domestic water lines may damage your plumbing in your home or work, this equipment prevents damage of pipes due to high pressure.

Extends life of your house's domestic water plumbing and tabs

Usage Properties

Fluid Temperature	· 80 °C
Conformity	· TS EN 1567
Max.Pressure	· PN 16
Storage Temperature	· -40 ... +70 °C

Constructive Properties

Outlet Pressure	· 1 - 6 bar
Case	· Brass - Nickel Plated
Pressure Gauges	· Ø 0,50mm × 0-16 bar
Connection	· G 1/4" B · G 1/2" B · G 3/4" · G 1"
Sealing	· NBR
Piston	· Brass
Springs	· Steel - Nickel Plated
