

# **Teknik Çizimler - HB-117**

- |                               |                                      |
|-------------------------------|--------------------------------------|
| 1 DHW Filter                  | 9 External Bypass                    |
| 2 Flow Regulator              | 10 Safety Valve                      |
| 3 Flow Sensor                 | 11 Pressure Switch Sensor Connection |
| 4 NTC Sensor Connection       | 12 Heating Temp. Sensor Con.         |
| 5 3 Way Valve                 | 13 Drain Valve                       |
| 6 Circulation Pump            | 14 Filling Tap                       |
| 7 Expansion Vessel Connection | 15 Plate Heat Exchanger              |
| 8 3 Way Valve Motor           |                                      |

- |                            |                           |
|----------------------------|---------------------------|
| A Heating Delivery CH      | C Sanitary Water Inlet DW |
| B Sanitary Water Outlet DW | D Heating Return CH       |
